

FINE MEETING AT CASTLE HALL

There was a regular old time revival at the K. P. lodge room last night. About 25 members were present and some splendid talks were made for the good of the order. At the proper time a two course luncheon was served by the committee and was greatly enjoyed by all present. At this meeting a K. P. Debating society was formed and the first debate will be pulled off on Monday night, Jan. 17. On next Monday night this lodge will keep open house and all members, ex-members and friends of the K. P.'s are urged to be present. At this meeting short talks will be made on Pythianism and the Pythian Orphan's Home and other subjects of interest. Lucian Davis, of Hopkinsville, has been invited to be present and will likely be on hand. Now let every member of the K. P. lodge and any who have ever belonged to this lodge be sure and be on hand at this meeting.

OUCH! MY BACK! RUB LUMBAGO PAIN AWAY

Rub Backache away with a small trial bottle of old "St. Jacob's Oil."

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacob's Oil" at any drug store, pour a little in your hand and rub it right on your aching back, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints.

Auction Whist Club

The Ladies of the Auction Whist Club were entertained by Mrs. W. H. Kline on Friday afternoon, Dec. 31st. Mrs. Daves of Evansville, was present to the delight of every one. Mesdames Nisbet and King were also guests of the club. Mrs. Nisbet made the highest score. Mesdames Kline, Ross, Johnson and Rule lead in the total score. At the conclusion of the game a dainty salad course was served. The Club will be entertained on next Friday afternoon by Mrs. W. P. Ross.

A Texas Wonder

The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism and all irregularities of bladder troubles, removing gravel, the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggist will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment, and seldom fails to perfect a cure. Send for testimonials from Kentucky and other States. Dr. E. W. Hall, 2020 Olive St., St. Louis, Mo. Sold by Druggists.

President Willard, of the Baltimore and Ohio, says, \$700,000 of the company's new bond issue will be used to build a pier for South American trade as soon as a proposed line of steamships is started.

Can't look well, eat well, or feel well with impure blood. Keep the blood pure with Burdock Blood Purifiers. Eat simply, take exercise, keep your blood healthy and you are sure to follow.

UGH! ACID STOMACH SOURNESS, HEARTBURN GAS OR INDIGESTION

The moment "Pape's Diapepsin" reaches the stomach all distress goes

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, jot this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapepsin" is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as "Pape's Diapepsin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clear and you feel fine.

Go now, make the best investment you ever made, by getting a large fifty cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

Mrs. Jno. L. Long Entertains

Mrs. John L. Long entertained the Mission Band of the Christian Church Saturday afternoon at her home. Candy and cake was served. Those present were: Clara Oloyd

Sara Beth Mothershead
Eleanor Arnold
Margaret Hamby
Louise Newton
Lena Hampton Fox
Euna Griffin
Virginia Fox
Margaret Rogers
Helen Browning
Dilman Rash
John Arnold Gill

Cures Old Sores, Other Remedies Won't Cure. The worst case, no matter how long standing, are cured by the wonderful, old reliable Dr. Foster's Antiseptic Healing Oil. It relieves Pain and Itch at the same time. 25c, 50c, \$1.00

Children at an Open Air School

LOUISVILLE has a school for those anaemic, rundown children who are ordinarily subject to every form of disease. Such children are greatly retarded in school, not only through their poor physical condition, but also through frequent loss of time on account of sickness. Among those children are the germs of tuberculosis may later find good soil.

The picture shows the warm suits and caps provided for the children, who are kept all day long in the open air. Windows on both sides of the schoolroom are kept continually open.

At noon the children are given a substantial meal at the school and then rest on cots for about an hour.

Experience in Louisville and throughout the country shows that this combination of fresh air, nourishing food and rest under the supervision of a physician and a visiting nurse will produce remarkable results. The children uniformly show increased weight, better color, better spirits and greater activity. The school work is made subordinate to the care of the children's health, yet with fewer hours of instruction each day they make progress equal to that of normal children in the typical schoolroom. If fresh air is good for sick children it must also be good for healthy children. The day is coming, according to Dr. Landis of Cincinnati, when every schoolroom will be an open air room.

You visit the pen you keep your pigs in, but do you visit the school to which you send your children? Do you really know whether it is clean and well ventilated? Does it have good water and clean closets? If your school is not clean and well ventilated, protest to the teachers and trustees till the faults are remedied.

BEST MEAL IN THE COUNTRY

The little grist mill of Miller & Oldham is turning out some of the best corn meal in this end of the State. It makes fine corn bread, hoe cakes and muffins, if you don't believe it get a supply of this meal and have your wife make some muffins for breakfast. Put on a liberal supply of nice yellow butter while hot and try them with a glass of creamy sweet milk.

Up-to-Date Fashions Requires "Queerness"

In the January Woman's Home Companion, Grace Margaret Gould says:

"To look in the mode, see that your shoulders appear narrow, that your coat flares, and your skirt flares more. See that you have pockets queerly placed and queerly shaped, and sleeves that boast some sort of unusual trimming. Your collar must tend toward the eccentric. Should talk here at Fashion's word, make it high, oh, very high, and let it go at that."

Madisonville Items

Miss Kathrine Givens, of Henderson, spent the holidays in this city with her sister Mrs. Geo. Kirkwood.

Fish Hayes returned to Lexington Sunday, after spending Christmas vacation at home.

Homer Bell has returned to State College after visiting his parents in this city for several weeks.

Miss Mattie Crenshaw, of Hopkinsville, spent several days in the city the guest of Miss Miquerva Davis.

Romuel Johnson, of Morganfield, spent Wednesday in the city with friends.

Jno M. Dyer, of Morganfield, attended the Wednesday night dance in this city.

Clarence Givens, of Dixon, spent the week end in the city with relatives.

John Green and Golay Poole, of Hopkinsville, were in the city Saturday night at the Girl's dance.

Messrs Wallace Weir, Joe Kelly, Brockman Mason, Jno. Wallace, of Hopkinsville, were in the city Wednesday night.

Gordon Hall, of Louisville, spent a few days in the city with his parents.

James Johnson, of Bowling Green, spent the week-end in the city.

Randolph Gordon has returned to Ann Arbor, Mich., after spending the holidays with his parents.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and this tube restored to its normal condition, hearing will be restored forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O.

Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

American Dramatic Formula No Longer Spells Success

In the January American Magazine Walter Prichard Eaton says about the Broadway managers' ideal production:

"A resourceful, up-to-the-minute young hero, chuck full of slang and with an extremely wobbly ethical sense, cleans up a fortune, wins the best girl around the place, tweaks the villain's nose, lolls in the limelight, and in the last act has a change of morals for purely theatrical purposes, and is supposed to be a saint when the curtain falls—but never a poor saint, be it noted. The formula has been extremely popular with the American public, both on the stage and in magazines, for the public seems always ready to accept anybody as a hero who can 'clean up.' But it is beginning to wear a bit thin, none the less."

The Gist of It

"Last December I had a very severe cold and was nearly down sick in bed. I bought two bottles of Chamberlain's Cough Remedy and it was only a very few days until I was completely restored to health," writes O. J. Metcalf, Weatherby, Mo. If you would know the value of this remedy, ask any one who has used it. Obtainable everywhere.

John Moore was in Madisonville Sunday.

Piles Cured in 6 to 14 Days
Your druggist will refund money if PAZO OINTMENT fails to cure any case of itching, blind, bleeding or protruding Piles in 6 to 14 days. The first application gives ease and rest. 50c

MOTHER! YOUR CHILD IS CROSS, FEVERISH, FROM CONSTIPATION

If tongue is coated, breath bad, stomach sour, clean liver and bowels.

Give 'California Syrup of Figs' at once—a teaspoonful today often saves a sick child tomorrow.

If your little one is out-of-sorts, half sick, isn't resting, eating and acting naturally—look, Mother! seen if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50 cent bottle of "California Syrup of Figs;" then see that it is made by the "California Fig Syrup Company."

M. E. Church Items

Prayer meeting Thursday night on Methodist Hill was one of the best ever held. The subject was "Prayer." A goodly number were present. All enjoyed the service very much. Each Christian took up the subject and gave good helpful talks. Prayer is the key that unlocks the gate of heaven, and the Lord wonderfully blessed his childer by pouring down his abundance of love. Subject next Thursday night is "Faith." All are invited to come. The feast is spread, come and eat.

Class meeting was held Sunday for the first time in nearly about two years. Had an old time Wesley class meeting. The Spirit was felt in the meeting. All made a vow together that they would try to make this the most prosperous year for Christ than ever before by visiting the sick, seeing to the poor and bringing sinners to Christ. Brother Otto Long is the class leader and he has his heart in the work.

Bad Cold Quickly Broken Up
Mrs. Martin, Wilcox, Gowanda, N. Y., writes: "I first used Chamberlain's Cough Remedy about eight years ago. At that time I had a bad cold and coughed most of the time. It proved to be just what I needed. It broke up the cold in a few days, and the cough entirely disappeared. I have told many of my friends of the good I received through using this medicine, and all who have used it speak of it in the highest terms." Obtainable everywhere.

Mrs. Roger Hunter will leave Tuesday to visit friends in Paducah.

ENDORSED AT HOME

Such Proof as This Should Convince
Any Earlington Citizen

The public endorsement of a local citizen is the best proof that can be produced. None better, none stronger can be had. When a man comes forward and testifies to his fellow-citizens, addresses his friends and neighbors, you may be sure he is thoroughly convinced or he would not do so. Telling one's experience when it is for the public good is an act of kindness that should be appreciated. The following statement given by a resident of Earlington adds one more to the many cases of Home Endorsement which are being published about Doan's Kidney Pills. Read it.

Mouree Davis, butcher, Earlington, says: "For quite awhile I had been afflicted with weak kidneys and my back ached intensely. I got Doan's Kidney Pills from the St. Bernard Mining Co., Incorporated, and they cured me in a short time." Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Davis had. Foster-Milburn Co., Buffalo, N. Y.

Let's all join the Boosters' Club and give the town a general overhauling this spring in every way and shove it right up in the first class. If there is not enough funds in the treasury to do this work it would be a good idea to declare a business holiday and everyone turn out with willing hands and clean-up this old town from end to end. A day or two spent this way would be quite a lark and the people would enjoy it. What do you say?

For Rheumatism

As soon as an attack of Rheumatism begins apply Sloan's Liniment. Don't waste time and suffer unnecessary agony. A few drops of Sloan's Liniment on the affected parts is all you need. The pain goes at once.

A grateful sufferer writes:—"I was suffering for three weeks with Chronic Rheumatism and Stiff Neck, although I tried many medicines, they failed, and I was under the care of a doctor. Fortunately I heard of Sloan's Liniment and after using it three or four days am up and well. I am employed at the biggest department store in S. E. where they employ from six to eight hundred hands, and they surely will hear all about Sloan's Liniment." H. B. Smith, San Francisco, Cal.—Jan. 1915. At all druggists.

Kress Sisk and Eugene Oldham
Spend Saturday in Evansville.

For soy pox, burn, scald or bruise, apply Dr. Thomas' Eucalypti Oil—the household remedy. Two sizes, 25c and 40c, at all drug stores.

Visiting member are cordially invited to attend any of the following meetings.

GREAT WORK OF KENTUCKY'S FISH AND GAME COMMISSION

COVERS AND STREAMS OF STATE BEING RESTOCKED WITH THE HOPE OF ONCE AGAIN MAKING KENTUCKY A SPORTSMAN'S PARADISE

EXECUTIVE AGENT WARD A BUSY MAN

Clubs Are Being Organized In the Different Counties to Promote Interest and Co-Operate With the Commission

When Daniel Boone and his sturdy pioneers came to Kentucky by the Wilderness road they found a land fertile beyond their wildest hopes, abounding with game and fish, upon which they were dependent for food and clothing. In reaching Kentucky, Boone and his followers found that the Indian tribes to the north, south and west had preceded them. To Kentucky the Indians made annual pilgrimage to kill their winter supply of game, which was found in great abundance and of splendid quality. At that time there was game in plenty for all, but the Indians looked with disfavor upon the presence of the white man, realizing that it meant the destruction of their favorite hunting grounds should they be left to occupy the land, so they stubbornly resisted by every possible means the advancement of the foreign hunter.

The Indian did not kill to excess and was determined that his happy hunting ground should not be destroyed. Their stubborn resistance made the name and early history of "Kaintuckee" typical of its Indian name, "Dark and Bloody Ground."

The pioneer, like the Indian, took only this supply for food and raiment, but with civilization grew the sport of hunting for pleasure, and so wantonly was game destroyed by this class of citizens that thoughtful and representative men soon realized that if game was to be conserved for future generations, it was necessary to enact laws protecting them during the breeding season.

The first game laws in Kentucky, of which there is any record, were passed in 1822, and were for the protection of fish. In fact, most of the early laws were measures for fish protection. At that time all laws in the state upon this subject were local or county laws and remained so until the adoption of the present Constitution. Since that time all laws enacted upon this subject have been state measures, applying alike to each county in the state. To the county authorities were charged the enforcement of measures of this character.

To the average citizen there was little necessity for the enforcement of these measures; in fact, there was so little public sentiment for the enforcement of these laws that they were openly violated without fear of prosecution. To those who gave the subject thought, it was apparent that it was necessary to create a new law and entrusting to and charging others and specially named officers with their enforcement.

A bill was introduced in the 1910 session of the Legislature providing for the creation of a Game and Fish Commission, but was defeated. A similar measure, possibly wider in scope, was introduced in 1912 and enacted into law, which became effective in 1912. This law is found in its entirety in Chapter 35, Acts 1912.

To this Commission and its agents are entrusted the enforcement of the law and the restocking of fields and streams with game and fish. Authority was given to the Commission to appoint wardens throughout the state to enforce the law. Chapter 35, Acts 1912, made no changes in the then existing game laws, except that it provided that all hunters when hunting off their own land or that immediately adjoining their own, with the permission of the owner, should first secure a hunting license, for which they were to pay the County Court Clerk \$1. The clerks were allowed to retain 15 cents for each license, directing that the remainder be sent to the Treasurer of the State, to be placed to the credit of the Game and Fish Protection Fund.

The law provided that five thousand (\$5,000) dollars should be appropriated for the maintenance of the department during its first year. This sum, however, to be in the nature of a loan, and directed that the Commission should return this sum—or as much thereof as used—to the Treasurer from the first moneys collected from the sale of

hunters' license. Of the \$5,000 appropriated, only \$420.71 was drawn from the appropriation in the months of June and July, 1912. This amount, and the remainder of the \$5,000, was returned to the state in August, 1912. Since that time the Commission has not drawn one cent from the state's funds for the maintenance of the department, and it is specially provided that the state can not give any further financial assistance, and the State Treasurer is directed not to honor any warrants drawn by the Game and Fish Commission unless the money is in the State Treasury to the credit of the Game and Fish Protection Fund. All of this fund must be derived from the sale of hunters' license.

During the year 1912 a call for volunteer wardens was made. The Commission, realizing that their fund was sufficient during the next year, to compensate as many of the wardens as possible, the volunteers for paid representatives to be made upon the merit system and without regard to political affiliations. The Commission is grateful to the volunteer wardens for their services and is earnestly laboring to develop a paid, competent warden service as rapidly as their funds will permit. The Commission is not now able—or will it be for some time—to have a paid warden service in each county of the state, but even if this were possible, they could not accomplish the ends that they so earnestly desire until they have the co-operation and support of interested parties and representative citizens, and by this assistance and co-operation is meant, not only their assistance in securing the arrest and conviction of all violators, but by giving out the information in order that the general public might thoroughly know the reasons and necessity for the strict observance of the laws.

THE CONDITIONS EXISTING IN OTHER STATES.

Hunting License.

The resident hunting license law is not a new departure and prevails in every state in the Union, except Maine, Maryland, Delaware, Virginia, North Carolina and Mississippi.

Every state in the Union now requires that non-residents have a hunting license, except Arkansas, and there a non-resident is not permitted to hunt except upon his own land. All of the State Game and Fish Commissions throughout the United States and Canada are maintained and operated by

The cut shows a Llewelyn on point, after a bevy of quail have been flushed

funds accruing from the sale of hunters' license, and in each state, as in Kentucky, the property owner is not taxed to maintain a Commission.

Combination hunting and fishing license, permitting the hunter and fisherman to both hunt and fish upon a single license, is now in vogue in fourteen states. Other states are sure to follow this plan, as in states where only the hunter is required to pay license, the fisherman is equally benefited, the funds being spent alike for the improvement of conditions for both, and it seems but just that the fisherman should contribute his part to the enforcement of the law and the restocking of the streams with fish, by which he is surely benefited.

HUNGARIAN PARTRIDGES

In May, 1914, we liberated 300 Hungarian partridges; twenty of these birds were sent to each of fifteen counties. The birds seemed to take very kindly to Kentucky, and many scattered broods were reported in the early fall and in the spring of 1915 some reports were had of these birds. This fall we hope to get a report from the hunters that show a good result. We give you the following information:

On the road to the hunting grounds in Old Kentucky. The party are on their way to the game preserve and the Commission is at the head of the party.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. The Evansville Courier Daily and Sunday by mail one year and The Semi-Weekly Bee one year

A delightful gift the absent friend, all the news from home.

This is the season when everyone should have a wide-awake, up-to-date daily as well as his favorite home weekly to brighten the long winter days.

Send your subscription to The Bee and receive both papers for an entire year

Why those Pains?

Here is a testimonial unsolicited

"I had my will it would be advertised on every street corner. The man or woman that has rheumatism and fails to keep and use Sloan's Liniment is like a drowning man refusing a rope."—A. J. Van Dyke, Lakewood, N. J.

Sloan's Liniment

for RHEUMATISM, SPRAINS, SORE MUSCLES

The man who whispers down a well
About the things he has to sell
Will never reap a crop of dollars
Like he who climbs a tree and
"hollers."

News of the Town

"Good morning! Have you seen The Courier? Evansville's best paper."

Kenneth Nisbet was in Madisonville Saturday night at the girls' dance.

Misses Frances McElfatrich and Lena Davis were in Madisonville Saturday night at the girls' dance.

Bob Featherston was in Madisonville Saturday night.

Misses Susan Marie and Sarah Crutchfield and visitor, Miss Sarah Belle Wharton, of Hopkinsville, were in Madisonville Saturday night at the girls' dance.

Ralph Dudley, one of the efficient office force of the St. Bernard, spent Sunday with friends in Pembroke.

Dorothy Hiramwell, of Morganfield, has a slight attack of la grippe at G. G. King's.

Mrs. Harry Hiramwell, of Morganfield, spent Sunday with Mrs. G. G. King.

Blakey Adams, of Madisonville, spent Friday night in the city.

Misses Lucy and Julia Fawcett and Bertha Cayce, of Hopkinsville, spent Saturday night in Madisonville the guests of Miss Elizabeth Nisbet.

Metta Delora, the little daughter of Mr. and Mrs. Leslie Boyd, is very ill with a slight touch of pneumonia.

Mrs. Nell Cuthran has been on the sick list for the last few days, but is back at her work again.

Morton Victory, of La Grange, Ky., spent the holidays at home with his mother.

Mrs. Brent Hart, of Dawson, spent several days last week in the city with her mother.

Kenneth Nisbet left Saturday for Lexington, after visiting his parents during the Xmas vacation.

Miss Geneva Hart, of Carbondale, is back in school, after spending the holidays at home.

Dexter Hart has returned to Nashville, after visiting his parents in Carbondale for a few days.

Mr. and Mrs. Hamner, of Baker, Tenn., were called to the bedside of their son, J. P. Hamner, who is seriously ill at his home on Moss Ave.

Mrs. Fred Feller, of Madisonville, was in Earlington on business Monday.

Mrs. Oscar Bennett, of Madisonville, was in Earlington Monday.

Mrs. Leslie Adams, of this city, visited in Madisonville Monday.

Miss Mamie Foster, a charming and attractive young lady of this city, who has been visiting relatives in Dawson, has returned home.

Mrs. Effie Yates Graham and son, Roselle, are in Oak Hill visiting her father, Turner Yates, and family.

Gordie Hicks and Charlie Ray, of this city, are spending their holidays in the country.

Mrs. Ernest Newton and children, who have been visiting Mr. and Mrs. C. J. Hutcheson in Evansville, returned home Sunday.

Mrs. W. E. Daves and son, Lawrence, who have been spending the Christmas holidays here, returned to their home in Evansville Friday.

The Earlington Chapter U. D. C. will meet with Mrs. Frank Withers Saturday afternoon at 2 o'clock. All members are urged to be present.

Jack Whitford and "Peaches" Burke were in Madisonville Thursday evening.

Chester Ashby, of Madisonville, was in town Sunday.

Miss Mai Lillian Fish entertained a few of her friends Friday night at a party. Rock, Popovers and refreshments were served.

Rev. and Mrs. Gregory, who have been visiting relatives here several days, have returned to Hasen, Ark.

Mrs. Lou Griffin is visiting her sister, Mrs. Baker, in the country this week.

GAME AND FISH COMMISSION IS AFTER VIOLATORS OF STATE LAWS

Over Five Hundred Men Convicted For Violations—English Pheasants Liberated By Commission Are Protected For Number of Years

A Kentucky trainer and two Frankfort, Ky.—(Special.)—The Game and Fish Commission since the last report has convicted 551 men for violation of the law. They took the chance of beating the warden. How much better it would have been for them to have taken out their license. They would have had the satisfaction of feeling that they were helping the enforcement of law and contributing to better game conditions and were not cheaters.

The money collected for sale of hunters' license has been, and is being, economically spent for the enforcement of the laws and the restocking of the fields and streams with game and fish.

The Commission is taking this means of again warning the hunters, not only to take out their license, but to always carry them when hunting.

English Pheasants. The 2,500 English pheasants liberated by the Commission are protected for a number of years, and a warning is hereby given to every one who kills these valuable and costly birds, that if caught, he will be prosecuted.

Now, Mr. Hunter, if you see a strange bird do not run your legs off to destroy it, but take every possible means not to injure it yourself, and do not let an opportunity escape you to urge others to do likewise. These pheasants were bought with your money, so see that they are protected until they increase sufficiently to allow shooting.

Conditions in Other States. In other states where conditions are not so ideal as here they now have pheasants in plenty. It is up to you, Mr. Hunter, to do your part to help the Commission protect them. Got busy. Your warden will be in the field every day during the hunting season and for a considerable time beforehand, to see that each hunter has his license, and that the "Sooner" is curbed in his selfish desire. Please help the warden, remembering that they are working for and not against you. We want to enlist the active cooperation of every man in Kentucky who has a hunting license in protecting his own game from the cheater. We want you to realize that it is you who are being cheated by the game hog, the pot hunter and the chap who hunts out of season without a license.

Our wardens are doing effective work. However, the state is large and unless the sportsmen and farmers report the infractions of the hunting laws, either to the wardens or to the State Department, some violators are bound to escape.

Hunter Themselves Lose. What we wish to impress upon the sportsman who takes out his license and obeys the law, is that every violator is cheating him. Those who set about to deplete the game supply unwarrantably, either for gain or through greed, or who hunt out of season, to some extent succumb in robbing the license hunter of the benefits for which he spends his money in purchasing his license.

If the sportsman can get the idea clearly into their minds that the law

is for their protection as well as for the protection of the landowner and the conservation of valuable food supply, and that the violators of game regulations is beyond the law, a cheater against whom every man's hand should be raised, it will not be long until we shall again see the fields and forests full of game and Kentucky affording some of the best field sport in the country.

Now, Mr. Hunter, won't you help by setting a good example and spreading the sentiment for obedience to the law wherever you go? Condemn the unlawful hunter and the pot hunter and try to show him the light. If he does not take kindly to your suggestions, report the violation of the law to the wardens in your county and the office of the Commission at Frankfort. Boost the game and thereby make more pleasure for yourself and at the same time increase the value of the license for which you pay. The money you pay for your license is your contribution towards the enforcement of the law and the propagation of game. Get behind your money with your personal influence and conditions are bound to improve.

Lawful to Kill. Quail, rabbits, squirrels, woodcock, wild duck, wild goose, can be shot from November 15 to January 1.

Unlawful to Ship. It is unlawful to ship quail, native pheasant, or wild turkey within the State of Kentucky at any time, but these birds, when lawfully killed and in possession of the hunter, may be carried by the hunter, or in the baggage cars, when properly marked.

When shipping rabbits, squirrels, or wild ducks, within or without the state, the package should be plainly marked, giving the contents of the package, and the name and address of the consignor as well as that of the consignee.

It is unlawful to ship any game out of the state, or the hides of fur-bearing animals, without clearly marking the package as above directed. To ship unmarked is in violation of the interstate laws, and is punishable in the federal courts by a heavy fine and imprisonment.

Remember that it is unlawful to ship either within or without the state, by freight, express, parcels post, or any common carrier, any quail, native pheasant, or wild turkey. Now, Mr. Hunter, you will say if approached that you intend to get your license before hunting. It is necessary to purchase your license from the county clerk of the county in which you reside. There will be many hunters in the fields on the opening day, November 15. What would be the condition at your county clerk's office if you waited until November 14 to get your license? There would be congestion. You would stand in line many hours waiting your turn and then possibly go away without it. You had made your arrangements to go hunting early the next morning and would go away without your license. Mr. Game Warden would happen along and you would be distressed and embarrassed. Why take a chance?

Raymond Lynn, Red Boyd and Jabo Stone are switching in the Earlington yards.

John Moore and Ben Evans will leave for Paducah Tuesday night, after spending the holidays at home.

Roy Foard, of Louisville, spent Christmas at home with his mother.

Miss Eliza Robison is visiting her sister, Mrs. Harry Bramwell, in Morganfield.

Otha Foster spent Sunday in Nebo.

Omer Wyatt, who has been working in Henderson for several weeks, is again at work in Earlington.

Miss Laura Nisbet, of Madisonville, spent Friday night in the city with the Misses Crutchfield.

Miss Fern Stokes was in the city attending school in Henderson, and spent the holidays in the city with her parents.

Boru, to Mr. and Mrs. T. A. Stokes, in their Colorado home, Jan. 1st, a baby girl, Frances Heller. Mother and child doing nicely.

Eugene Foster, of Evansville, spent Sunday in Earlington.

Mrs. Earl Stone, of Madisonville, spent Sunday night in the city the guest of Mrs. W. P. Ross.

William Ross, who has been on the sick list for several days, is able to be out again.

Mrs. Hillary Spencer, of Madisonville, was in the city Sunday afternoon.

Miss Catherine Victory spent Friday in Madisonville with friends.

John N. Taylor has been called to Cincinnati to the bedside of his father, who is ill.

St. King, of St. Charles, spent Xmas in Madisonville with his mother.

Quit see your else in npt re-pound"

A Card to Owners of Rural Telephone Lines

We are anxious to see that all lines owned by other parties and connected with us are kept in such condition as to furnish efficient service. Where the owners of rural lines are responsible for their upkeep, we want to co-operate with them.

All lines require a thorough overhauling occasionally if the best service is to be obtained. We recommend that every line connected with us be overhauled at least once a year, and that at least one experienced telephone man assist in this work. The cost of this work when divided among all the patrons of the line, makes the amount paid by each man small, and this cost will be more than offset by the improved service.

If the owners of rural telephone lines in this section are experiencing trouble with their service, we will appreciate their talking the matter over with our Manager or writing us fully. We will gladly do what we can toward helping you improve the condition of your line.

CUMBERLAND TELEPHONE & TELEGRAPH COMPANY

BOX 252, MADISONVILLE, KENTUCKY.

A LETTER TO SANTA CLAUS

PROTECT THE FUTURE.

There is only one way in which Kentucky can protect herself in the future from "possum-hunting," tobacco-bred degeneracy and other acts of lawlessness. That safe and certain way lies through careful upbuilding of every rural in the state. Giving every child education is not enough; make every child take an education, and the prosperity of the state is absolutely secure. Allow even a small percentage of the children of to-day to grow up in ignorance and they become the law-breakers of the Commonwealth.

Protect the future welfare of every community with better school houses, with all the children in them, and peace, happiness and prosperity will become a reality of power in Kentucky.

In this good year 1915 a man without an education is practically helpless. In 1916 his position will be worse and with each succeeding year it will grow even more difficult for him to earn a good living. The child that will grow into a man in 1925 is in school or out of school today. How many will there be in this helpless plight in 1925 will depend upon the schools and the school system of the state now.

WHAT AILS THE BOY?

If the average father who wonders why his boy hates to go to school, would pay a visit to that self same school, he would understand perfectly. Why should the boy care to go to a small country school house that is uncomfortable? Why should the boy be anxious to attend a school where the teacher is underpaid and overworked? Why should he be interested when his parents are so little interested that they never darken the school house door?

Make the school attractive, arrange matters so that the teacher is neither underpaid nor overworked, show interest by visiting the school occasionally, and the average boy will not strive to stay away.

If every small community in the State of Kentucky is able to buy and run half a dozen autos, each one of them can afford a good school. The money paid for the machines is spent, but the money put into the schools would be invested in the future prosperity of the children and the state itself.

No one objects to giving money to build a fine church. Why should the building of a fine school house be a different proposition?

STILL IN THE LAND OF MUD

Small Percentage of Improved Roads in the United States.

GREAT LOSSES TO FARMERS

Good Roads in Rural Communities Not Only Improve the Economic Conditions Therein, but the Social Conditions as Well—They Materially Affect the Spread of Education.

A little booklet written by S. M. Williams of Lima, O., points out the economic and social influences exerted by both good and bad roads.

"The public is gradually awakening to the importance of permanent road construction," states Mr. Williams in his booklet. "But with only 10 per cent of the public roads in the United States improved and many states with less than 5 per cent of improved roads we are still in the land of mud. Many sections of the country are opposing road improvement because of a lack of understanding of its value to their own communities."

"In rural communities one day in a week was set aside from farm duties for going to town. The farmer was satisfied to drive through the mud and over the rough roads. Unfortunately in many sections they continue to be satisfied with such road conditions, but in other sections the farmer knows better. He is demanding the same advantages enjoyed by his competitors in other sections and due to the building of good roads."

"In one county of Tennessee, before road improvement began, one bale of cotton was an average load for a two horse team. There are now 100 miles of improved roads in that county, and twelve bales is not an uncommon load, thereby increasing the earning ability of the team for the farmer twelve times."

"In another county of Tennessee the cost of delivering wheat from farm to railroad, a distance of ten miles, was reduced from 15 to 4 cents per bushel after their roads were improved."

"Careful investigation and comparison in the showing of the farmers' and other teams before and after road improvement disclose some remarkable results, in one case an increase of 330 and another of 233 per cent. Compare and consider this profit for the farmer with his small proportion of the road improvement cost."

"The United States department of agriculture estimates that the farmers of the United States are losing annually \$250,000,000 on account of the inaccessibility of their products at certain times of the year, due to bad road conditions."

"Investigation shows that there are many counties rich in agricultural products, but burdened with bad roads, where the annual incoming shipments greatly exceed the outgoing. With improved roads such counties could not only be self supporting, but could ship products to other markets."

"We who live in towns often fail to realize the influence of road conditions upon the social life of rural communities. It is only fair to say that the National Congress of Mothers and Parent Teachers' association, with its branches in forty states of the Union, is wielding a powerful influence for good roads. They believe that the wife of the farmer of moderate means, who rises at 4 to 5 in the morning, does her own cooking, washing, ironing and sewing, should be assisted in finding ways and means for intellectual improvement in order that she may bring up her family of boys and girls to be useful members of society."

"Experts have found that insanity is a social condition with a distinct relation to good roads. Two states were recently astounded by a report of an investigation made within their borders as to the causes of insanity. In both states the road conditions were miserable, and it was found that a large percentage of the insane were the wives and daughters of the farmers where there was little or no opportunity for social intercommunication, but whose lives were of monotony and loneliness, due to isolation on account of miserable road conditions."

"The building of good roads will relieve the isolation of these rural districts and give the inhabitants opportunity for a large socialization, which will eventually result in eliminating the unfortunate and pitiable conditions. Poor roads mean illiteracy or worse. In 1909 the percentage of improved roads in the New England states was 22.2, and the percentage of illiteracy was only 7.7. In the south Atlantic states the percentage of improved roads was only 0.7 and illiteracy 12. The excess of illiteracy in rural over urban population, due to a lower percentage of improved roads, showed for the south Atlantic states 400 per cent and 140 per cent for the New England states. In both of these comparisons only native whites of native parentage were considered. The percentage of illiteracy among the urban white population is estimated to be only nine-tenths of 1 per cent. Rural illiteracy among the same class of inhabitants is 900 per cent greater and due to the influence of bad roads upon the school and social lives of the rural population."

STUDYING CONVICT LABOR.

Road Construction in Southern States by Prisoners Subject of Investigation.

Highway construction by state prisoners in the southern states is the subject of an investigation which the national committee on prisons and prison labor and the graduate highway department of Columbia university have jointly undertaken. Convict road work in the north was similarly treated last year.

The possibility of employing the misdemeanor in road work is also under investigation at the present time. When the three studies are completed the prison committee will be in a position to afford accurate and scientific information to all those attempting to direct convict road work, no matter in what section of the country their work lies or what type of convict they are called upon to handle.

The southern study is being conducted by James Wilmot, civil engineer, who has been in charge of convict road gangs in Louisiana and other southern states and is familiar with both the southern convict and the southern road.

The need for good roads in the agricultural districts of the south is admitted by all, while already in Georgia, Virginia, North Carolina and other states it has been demonstrated that the convict can be a most useful factor in procuring these roads. Up to the present time the work has been hindered by the faulty legislation under which it has had to be developed and the weakness with which even this legislation has been administered.

The convict has to a certain extent benefited by the healthy outdoor work and the fact that he is trained to work in which there is a constant demand for laborers and in which it is easy to obtain employment upon release. Up to the present time wage has not been paid the prisoner for his work on the roads in any of the southern states or in any state but Iowa. The popularity of convict road work has seemed to lie in the fact that it is a cheap means of securing good roads through the exploitation of the prisoner.

The national committee on prisons and prison labor holds that the value of the prisoner's labor is the same as that at which free labor can be secured to do the same work and that only when this wage is paid will convict labor be efficient labor.

Mr. Wilmot's study will include careful investigation of the labor cost for this work, as well as of the different systems of control, and on this scientific data the committee will base recommendations which it is hoped will lead to the efficient development of convict road work in the southern states.

Outside Committees Do Much to Aid Legislatures in Preparing Laws. To aid legislatures in revising road laws and framing new road legislation a series of papers dealing exhaustively with existing road laws in each state is about to be issued under an arrangement made by the legislative committee of the American Highway association with the bureau of municipal research of New York city.

The complete compilation of road laws already thoroughly indexed and brought up to date has been submitted by the committee to A. N. Johnson, highway engineer of the bureau of municipal research, for use in the preparation of a series of papers and charts which will indicate the laws in each state which are conflicting, obsolete, vague or superfluous and the lines along which simplicity and efficiency in revision may be obtained. Included in the publications to be issued will be suggested models for laws covering state aid to road improvement, the use of convict labor, the issuing of bonds for road construction, the management of local roads, the regulation of traffic and other related subjects of legislation. Charts illustrating graphically the points of similarity and dissimilarity in the respective state systems will also be prepared.

The American Highway association, through its legislative committee, first secured the effective aid of the United States office of public roads in compiling all road laws, and the work which will now be done by the bureau of municipal research is a further step in turning this great fund of information to best advantage.

The third step in this important undertaking will comprise personal conferences and hearings in connection with state legislative programs by experts whose services will be arranged for by the Highway association.

WHAT MANY KENTUCKY FOLKS SAY.

Louisville, Ky.—"When I lived at Hardyville, Ky., I had rheumatism, constipation, took cold easily and blood was thin. I was 'down and out' so I could not do any work. I bought one bottle of 'Golden Medical Discovery' and was pleased that it overcame my rheumatism, gave me an appetite, acted as a laxative, and made me a new man. I give all the credit to Dr. Pierce's Golden Medical Discovery as I took no other medicine at the time."—Mr. W. A. HATCHER, 2025 4th Ave.

A HUMAN MATCH FACTORY.

The body contains phosphorus sufficient to make 483,000 matches. Phosphorus is one of fourteen elements composing the body—divided among bones, flesh, nervous system and other organs. The perfect health of body requires a perfect balance of the elements. These elements come from the food we eat—the stomach extracts and distributes them.

But if stomach is deranged—the balance of health is destroyed and the blood does not carry the proper elements to the different organs, and there is blood trouble—nerve trouble—rheumatism—heart trouble. Pain is the hungry cry of starved organs. Put the liver, stomach and organs of digestion and nutrition into a condition of health. That is just what is done by Dr. Pierce's Golden Medical Discovery, which has been so favorably known for nearly 50 years. It is now put up in tablet form, as well as liquid, and can be obtained of medicine dealers everywhere or by mail by sending 50 cents in 1c stamps for trial box—address Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets are the original little liver pills, first put up nearly 50 years ago. They regulate and invigorate stomach, liver and bowels. Much imitated but never equaled. Sugar-coated and easy to take as candy.

The birth of a new year should see a new order of things in this town. It should see every man and every woman striving to make this the brightest and best place in the State. It should see every citizen of Earlington an enthusiastic booster for their home town, and striving with might and main to convert this place into a garden spot of beauty, with health, happiness and prosperity as our daily heritage.

Women of Sedentary Habits

Women who get but little exercise are likely to be troubled with constipation and indigestion and will find Chamberlain's Tablets highly beneficial. Not so good as a three or four mile walk every day, but very much better than to allow the bowels to remain in a constipated condition. They are easy and pleasant to take and most agreeable in effect. Obtainable everywhere.

Take a walk around this town. It will compare favorably with the average town of its size, but it should not stop at that. It should be the best of all towns of its size, because our business men and citizens have the ability to make it such if they will all get together and work for the best interest of Earlington. Let the other fellow do the knocking.

To Cure Children's Colds

Keep child dry, clothe comfortably, avoid exposure and give Dr. Bell's Pine-Tar-Honey. It is pleasant, soothing, antiseptic, raises phlegm and reduces inflammation. The first dose gives relief, continued treatment with proper care will avoid serious illness or a long cold. Don't delay treatment. Don't let your child suffer. Get a bottle today. Insist on Dr. Bell's Pine-Tar-Honey. 50c at Druggists.

David Dudley returned to State College Sunday after visiting his parents during the holidays.

Red Parish, of Hopkinsville, was in the city Sunday.

Neal Spillman, of Evansville, was in town Sunday.

THE GREATEST HEALTH INSURANCE IN THE WORLD

T. P. Taylor, Prominent Louisville Druggist, Makes Interesting Statement

T. P. TAYLOR

"The greatest health insurance in the world is the simplest," he said. "I never could quite understand why people are so negligent in the use of the simplest of all preventives of illness. It's all a matter of keeping the bowels open. The man who carries a little box of Rexall Orderlies has got a good health policy in his pocket. I believe they are the best laxative ever prepared, and their pleasant taste appeals to men, women and children alike."

We have the exclusive selling rights for this great laxative. Trial size, 10 cents. **ST. BERNARD MINING CO.** Incorporated. **DRUG DEPT.** THE REXALL STORE

Paxtine

A Soluble Antiseptic Powder be dissolved in water as needed For Douches

In the local treatment of woman's life such as leucorrhoea and inflammation, the douches of Paxtine are very efficacious. No woman who has ever used medicated douches will fail to appreciate the clean and healthy condition Paxtine produces and the prompt relief from soreness and discomfort which follows its use. This is because Paxtine possesses superior cleansing, disinfecting and healing properties. For ten years the Lydia E. Pinkham Medicine Co. has recommended Paxtine in their private correspondence with women, which proves its superiority. Women who have been relieved say it is "worth its weight in gold." At druggists. 50c. large box or by mail. Sample free. The Paxton Toilet Co., Boston, Mass.
